The library has asked us to do a dog-related program on September 9, 2010. That is a Thursday. The club discussed doing a "meet the breed" there and the library thought that was a great idea. We will be in the auditorium starting a 4:00 in the afternoon until close at 8:00. Obviously, we will work in shifts. If one or two people want to help me coordinate that would be great.

Also, the library is thinking about starting a “Reading with Dogs” program. This is a national program that matches kids with canines to help kids with poor reading skills practice and improve their reading by reading to dogs.
